Commercial & Account Management: business planning, account and pipeline management, consumer and category insight, demand forecasting, pricing analysis, A/B testing

Analytics & Reporting: Excel (advanced), PowerPoint, Word, Python, SQL, Tableau, regression modelling, dashboard design, market research

Marketing: Meta Ads, Google Ads, Google Analytics, CRM segmentation, lifecycle marketing, social and influencer partnerships, Canva

AI & Automation: Claude, OpenAI, Perplexity, Replit, prompt engineering, reporting automation

WORK EXPERIENCE

Marketing & Operations Coordinator

Jan 2024 – Present

Pho & Roll by Wooden Fish

Vancouver, BC

- Led market analysis, customer insights, and demand forecasting behind a business plan that secured ~\$220K in expansion funding for a second location.
- Manage inbound catering and event sales pipeline end-to-end, closing two summer 2025 weddings worth \$10K through agenda-setting, follow-ups, and stakeholder coordination.
- Designed and sold a corporate booking campaign with paid media in Daily Hive and Vancouver Magazine and a social media influencer partnership, generating \$10K in revenue on \$6.5K of spend (1.54x ROAS).
- Manage CRM segmentation and loyalty program in Square to support customer retention and repeat-visit growth.
- Run Google Ads, weekly performance reporting, and influencer partnerships that generated 900K+ cumulative views and grew combined social presence to 6,000+ followers.

Finance Operations Analyst Intern

Nov 2025 – Present

Sunrise Soya Foods

Vancouver, BC

- Conducted a supplier cost comparison that identified the previous supplier as 47% lower in cost than the current vendor, highlighting a potential sourcing saving.
- Develop automated Excel dashboards tracking actual vs. predicted utility costs, enabling finance to identify variances and reducing manual reporting time by 5+ hours per accrual cycle.
- Build a regression-based (OLS) utilities forecasting model in Python across 3 facilities, reducing the gap between predicted and actual utility costs by 2%.
- Clean, validate, and integrate 3M+ operational and financial records across ERP and production systems to ensure accurate financial reporting.

Restaurant Operations Manager

Jun 2020 – Dec 2023

Wooden Fish Restaurant

West Vancouver, BC

- Grew annual revenue from \$1.3M to \$1.5M (+15%) by executing influencer marketing campaigns with creators reaching a 4.5M+ audience; maintained a 4.4-star rating across a team of 15+.
- Served as first-line support for POS, payroll, and website systems, diagnosing and resolving issues to keep daily operations running.

ANALYTICS AND AI PROJECTS

Consumer Insight & Market Analysis — Extern & Beats by Dre

Sep – Dec 2025

- Built an AI-powered dashboard (OpenAI, Perplexity, Replit) to segment survey data and generate consumer insights, delivering brand positioning recommendations to Beats by Dre leadership.

Data Analysis — Airbnb

Sep 2025

- Analyzed 6M+ Airbnb listings and reviews in Tableau to identify pricing patterns, host behaviour, and regional drivers of market performance.
